SLX+[®] FLITE[®] TECHNOLOGY

SLX+[®] is an all-season cast film packed with improved outstanding features to make every part of your fleet and vehicle look amazing. The ultra-repositionable SLX+[®] with FLITE Technology[®] with deep channel warranty and exceptional multi-surface adhesion facilitates the fastest and easiest installations. This is the ideal product for large amounts of fleet applications. With the same high performance in hot temperatures and new cold-weather features, this fast-adhesive bond film is designed to perform its best in a wide temperature range. Experience enhanced cutting & weeding to make even the smallest letters stand out on your vehicle graphics. Expanded with flexibility but dimensional stability, ensuring your graphic panels fit perfectly. Combine it with Series 3210 overlamine and let the graphics deliver optimum performance for longer.

Unique Features:

- ▶ Fast Adhesive Bond
- ▶ Print to Cut For Accurate Weeding
- ▶ Multi-Surface Adhesion
