The compact colour printer, with massive performance

OKI takes graphic arts printing to a new level with the Pro9542dn, offering outstanding print quality, higher print speeds, lower total cost of ownership, complete media flexibility plus the unique option of printing with a fifth colour. You can now print on-demand, the full range of process colours, including solid white on a dark background

Brilliant colour

Print in a full range of CMYK plus solid white

Vibrant finish

High-quality results with digital LED and Multi-Level ProQ technology

Media flexibility

Print in-house on dark and transparent media

Speedy turnaround

Fast, on-demand graphic arts printing in-house

The innovative Pro9542 is an ideal choice for stand out A3+ graphic arts printing. Brilliant print quality, high print speeds and complete media flexibility combined with the ability to print a full range of process colours with the addition of white, opens up new opportunities for on-demand printing, with vibrant results every time. Ultra-high capacity toners also make the Pro9542 a highly cost-effective option, especially for high coverage and quality printing.

Brilliant colour – Print in a full range of CMYK plus solid white

Ideal for graphic arts printing and light production, the Pro9542 takes advanced colour to a new level with single pass white-under printing. Affordable and unique in the market, this innovative high-definition printer increases flexibility and delivers stand out results.

- Print in a full range of process CMYK colours plus solid white
- Vibrant colour and high density white under printing on dark or transparent media
- Fully compatible with EFI Fiery® XF for advanced colour management

Vibrant finish: High-quality results with digital LED and Multi-Level ProQ technology

No matter how unusual the design, stunning high-definition results are guaranteed every time with the Pro9542. Digital LED and Multi-Level ProQ technology are combined with flexible media handling to produce sharp, vibrant print output on a wide range of media sizes.

- Sharp 1200 x 1200dpi print resolution
- Multi-Level ProQ technology for advanced colour print output
- Wide paper handling from A6 to SRA3 and banner lengths up to 1.3m

Media flexibility: Print in-house on dark and transparent media

Leading the way in media flexibility, the Pro9542 delivers fast, high-quality results on gloss paper, film, transfer paper, waterproof paper and more. Breaking down barriers and opening up new opportunities for on-demand solid white single pass-under printing, producing standout results on dark or transparent media.

- Print on a wide range of dark and transparent media, including film, gloss, transfer and waterproof paper
- Print on paper stock up to 360gsm single sided and 320gsm duplex
- 530 sheet tray as standard, up to 2,950 sheets with optional trays
- Robust 300-sheet multi-purpose tray for added flexibility

Speedy turnaround: Fast, on-demand graphic arts printing in-house

The high-performance Pro9542 combines advanced graphic arts technology with some of the highest printing speeds available in the industry, making it ideal for fast, efficient, on-demand printing. A highly competitive initial capital cost combined with ultra-high capacity consumables also contribute to a low total cost of ownership.

- Time to first print less than 8 seconds
- A4 print speeds up to 50ppm colour/mono, 28ppm A3 colour/mono
- 2GB RAM and 1.2GHz processor for rapid throughput
- Ultra-high capacity toner cartridges (42K) and drums (40K)
