About Digital Star

Source Of Digital Solutions

Welcome to Digital Star, your trusted partner in the world of cutting-edge printing solutions. As a leading printing machines, materials, and ink authorized dealer in Doha - The State of Qatar, we pride ourselves on delivering state-of-the-art technology that empowers to achieve unparalleled levels of efficiency and quality.

At Digital Star, we understand the pivotal role that printing machinery plays in the success of your operations. With a commitment to innovation and excellence, we curate a diverse range of top-tier printing machines to meet the unique needs of our clients. Our product line-up reflects the latest advancements in the industry.

As a responsible printing machines supplier, we prioritize sustainability. Our commitment to eco-friendly practices is reflected in the products we offer, promoting energy efficiency and environmentally conscious manufacturing processes. When you choose Digital Star, you're not just investing in cutting-edge technology - you're partnering with a company that values the planet as much as your success.

GENERAL INFORMATION AND HIGHLIGHTS

MTX-DO20 series pneumatic high pressure heat press machine is a professional and precise commercial grade heat transfer press designed for consistent high pressure and precision. If you want a high pressure industrial heat press, MTX-DO20 automatic heat press with pull out bottom platen is your best choice. This machine is ideal for transferring T-shirts, sporting goods, hoodies, HD metal prints, photo panels, etc. Pull out bottom platen for easy laying out.

KEY FEATURES OF THE MTX PNEUMATIC HEAT PRESS:

FULLY EXTENDABLE MECHANISM

The fully extendable mechanism allows for easy loading and unloading, increasing safety and efficiency. Simply slide the bottom panel out, position your item and slide it back in.

FULL THREADABILITY

Full threadability allows for easy positioning and alignment of garments such as t-shirts, hoodies and sweatshirts, making the MTX series versatile for various projects.

LARGE SPACE FOR PROJECTS

Available in 16" x 20" and 16" x 24" sizes, the MTX Series can accommodate small and bulky items and provides ample space for various heat transfer projects.

PRECISE TEMPERATURE CONTROL

The MTX Series offers precise temperature settings for consistent heat application, ensuring high-quality results on a variety of substrates, from delicate fabrics to robust materials.

USER-FRIENDLY CONTROL PANEL

The MTX series has an intuitive user interface and is easy to use for both beginners and professionals, eliminating the need for complicated settings.

EFFICIENCY AND SPEED

The highly efficient MTX series allows users to complete more projects in less time. Its automatic features and high-pressure capability maximize productivity.

DURABILITY AND RELIABILITY

Constructed from high-quality materials, the MTX series is durable and reliable, providing long-term value and consistent performance for professional use.

FULLY DRAW-OUT PNEUMATIC HIGH PRESSURE HEAT PRESS

MTX-DO20/24 (40X50/ 40X60)

- Enhanced Frame Durability
- Increased Space for Hoodies
- Fully Retractable Lower Platen
- **8 Interchangeable Platens (Optional)**

APPLICATION SAMPLES

PRODUCT SPECIFICATION

MACHINE MODEL	MTX-DO20	MTX-DO24
Machine Type	Automatic, Quick-Change Base Plate	
Platen Size	16"x20" (40x50cm)	16"x24" (40x60cm)
Under Plate	Fully extendable with wheel	
Controller	GY-08 Digital Time and Temperature Control	
Printable Articles	Up to 40 mm thickness	
Air Compressor Required	Yes	
Voltage	120V/220V	
Performance	2.5 kW	
Time Reach	0-999 sec	
Maximum Temperature	225 °C	
Pack Size	115 x 87 x 58 cm	
Gross Weight	121 kg/125 kg	

*Specifications, Machine Color, Machine Structure(or Design) are subject to change without prior notice, all rights reserved.
