Source Of Digital Solutions

Welcome to Digital Star, your trusted partner in the world of cutting-edge printing solutions. As a leading printing machines, materials, and ink authorized dealer in Doha – The State of Qatar, we pride ourselves on delivering state-of-the-art technology that empowers to achieve unparalleled levels of efficiency and quality.

At Digital Star, we understand the pivotal role that printing machinery plays in the success of your operations. With a commitment to innovation and excellence, we curate a diverse range of top-tier printing machines to meet the unique needs of our clients. Our product line-up reflects the latest advancements in the industry.

As a responsible printing machines supplier, we prioritize sustainability. Our commitment to eco-friendly practices is reflected in the products we offer, promoting energy efficiency and environmentally conscious manufacturing processes. When you choose Digital Star, you're not just investing in cutting-edge technology – you're partnering with a company that values the planet as much as your success.

Product Features

Direct Textile Printing

- Larger print format for higher production efficiency
- Accurate heating system keeps stable temperature on whole format
- Magnetic raster ensures more stable and precision, free maintaining
- Pneumatic devices on media feeding and winding system, easier operation
- Droppable ink tray design, protect textile from pollution
- Droppable guide roller in heat fixation, protect textile from overheat

Industrial Print Head

Use Kyocera head, the printing speed can be ensured even in the high-precision mode. Equipped with ink filtering and degassing module, ensure the best ink system performance.

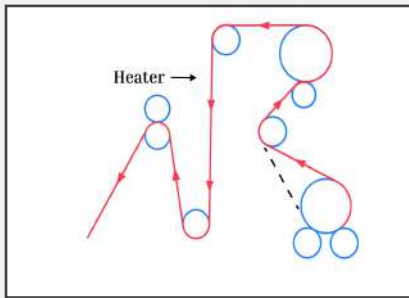

Unique Heat Fixation System

After printing, fabrics go into the heater directly. Without extra roller, perfectly avoid the printed surface touching rollers and polluting images

Maglev Motor Drive

Higher accuracy, more stable, low noise emission. Equipped with 8pcs Kyocera Head

Removable Print Platform

Ink Tray-flag fabric, mesh fabric, for better translucent
Flat Platform-fabric banner wall, backlit, for higher accuracy

6 Independent Temperature Controller

Higher temperature accuracy in large format, which ensures fabric from left, middle to right "O" color difference. Flexible working temperature according to varies fabrics. Ensure best color fixation.

Equipped With Sewing System

Ensure the fabric joint with straight line and save fabric maximum. Simple operation and higher efficiency.

Double Fabric Tension Control System

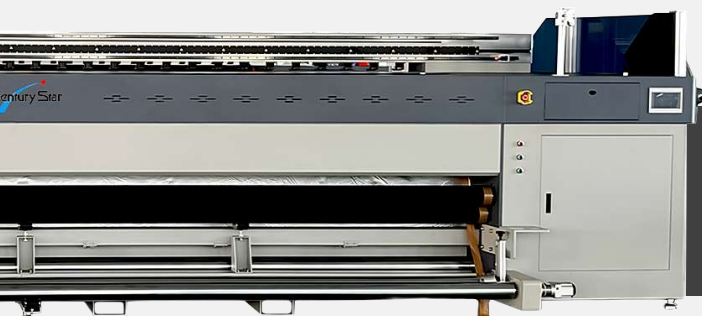

Ensure proper fabric feeding tension in whole format

Lifting Fabric Feeding System

- Ensure stable material feeding ability of 5.35m width fabric.
- Suitable for fabrics with different softness & thickness, avoiding wrinkle, avoid whole format tension difference.
- Ideal for display fabric banner such as blackback, backlit textile

Product Specifications

MACHINE MODEL

CSP-S5308

Print Format	535cm
Print Head	Kyocera 4PL Variable Drop
Print Head Position	4, 6, or 8 Head
Inks	Water Based Sublimation Inks
Print Speed	8 Heads - 4 Colors - Smoothing Choose
	2 Pass: 280 - 400m ² /h
	4 Pass: 160 - 200m ² /h
Rip Software	Neostampa
Ink Capacity	5 Liter Tanks
Fixation	Interagrated: Straight - Through
Max - Fixation Temperature	185°C
Max Roll Weight	200Kg
Max Roll Diameter	16 Inches (40 cm)
Dimensions	317" x 76" x 77" (8040mm x 1924mm x 1958mm)
Weight	Net: 5000Kg
Print Materials	Ployester Textiles
Environmental Requirements	Temperature: 20-28°C
	Humidity: 40% - 60% non-condensing
Electric Usage	20Kw

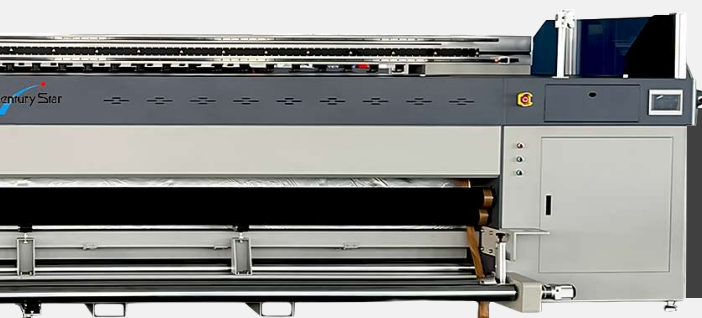

*Specifications are subject to change without prior notice, all rights reserved.

SYSTEM REQUIREMENTS (PC's)

Operating System*	Windows 7 (64 Bit) / Windows 10 (64 Bit)
Processor	i7 - 2.2 GHz or faster
Memory (RAM)	Min. 8 GB or more
Video Card and Monitor(VGA)	1280x1024 or Higher Resolution is Recommended
Working Hard Disk Space	1 TB SSD or more recommended
Optical drive	DVD-ROM
Other requirements	Ethernet connection for network capable printers Available USB ports and PCIE Slot
Recommended Brand	Lenovo/ Dell
Power Stabilizer	5000W

* Note: You can use a laptop or desktop computer

* Use the original operating system. If you are using priated operating system, we are not responsible for any damage to machine workings, and also the warranty terms will become void.
