About Digital Star

Source Of Digital Solutions

Welcome to Digital Star, your trusted partner in the world of cutting-edge printing solutions. As a leading printing machines, materials, and ink authorized dealer in The State of Qatar, we pride ourselves on delivering state-of-the-art technology that empowers to achieve unparalleled levels of efficiency and quality.

At Digital Star, we understand the pivotal role that printing machinery plays in the success of your operations. With a commitment to innovation and excellence, we curate a diverse range of top-tier printing machines to meet the unique needs of our clients. Our product line-up reflects the latest advancements in the industry.

As a responsible printing machines supplier, we prioritize sustainability. Our commitment to eco-friendly practices is reflected in the products we offer, promoting energy efficiency and environmentally conscious manufacturing processes. When you choose Digital Star, you're not just investing in cutting-edge technology – you're partnering with a company that values the planet as much as your success.

A stack of white t-shirts is shown, with the top one featuring a blue graphic that reads 'HAPPY BIRTHDAY 5th' in a circular arrangement. The t-shirts are stacked on a white surface, and a black heat press machine is visible in the background.

GENERAL INFORMATION AND HIGHLIGHTS

The MATRIX-TEX APD-40 is a high-pressure, pneumatic heat press designed for large-format heat transfer applications. With its spacious 32"x40" platen, it accommodates oversized materials, making it ideal for banners, garments, metal photo panels, and more. The draw-out underplate enhances safety and ease of use, allowing operators to position materials without direct exposure to heat.

FEATURES

- **Pneumatic Operation:** Utilizes compressed air to deliver consistent, high-pressure transfers, ensuring uniform results across various materials.
- **Large Platen Size:** The 32"x40" (80x100 cm) heat platen is suitable for large-scale projects, including textiles, wood, and metal substrates.
- **Draw-Out Underplate:** The slide-out lower platen facilitates easy loading and unloading of materials, improving workflow efficiency and operator safety.
- **Digital Controller:** Equipped with the GY-06 digital time and temperature controller for precise settings and reliable performance.
- **Robust Construction:** Built with a durable frame and components to withstand the demands of high-volume production environments.

APPLICATIONS

- **Textiles:** Ideal for transferring designs onto large garments, sportswear, and fabric banners.
- **Hard Substrates:** Suitable for sublimation on metal photo panels, wood plaques, and other rigid materials.
- **Promotional Items:** Perfect for creating customized products like cushions, mouse pads, and more.

APPLICATION SAMPLES

PRODUCT SPECIFICATION

MACHINE MODEL	MTX-APD40
Platen Size	32"x40" (80x100 cm)
Controller	GY-06 Digital Time & Temperature Control
Voltage	220V 1-phase / 220V 3-phase / 380V 3-phase
Power	5.1KW / 7.5KW
Time Range	0-999 seconds
Maximum Temperature	225°C (437°F)
Printable Article Thickness	Up to 65 mm
Packing Size	106.5x96.2x110cm
Gross Weight	Approximately 370 kg (Wooden Package)

*Specifications, Machine Color, Machine Structure(or Design) are subject to change without prior notice, all rights reserved.
